MERINO LAMINATES

BE DIFFERENT

About us

Since 1965, the journey of Merino has been an extraordinary tale of evolution.

Beginning with the humble plywood, the group has constantly introduced new products based on top-of-the-line raw materials, production, and technology to achieve the podium on which it stands today.

As one of the world's largest manufacturers of decorative laminates the Merino group is globally recognised as a leader in the industry of laminates and surface solutions. Products, technologies, and techniques may have evolved but one thing is always constant – our focus on quality and the zeal to bring world-class surface solutions for our customers.

Today Merino Group has a beautifully strong presence in over 80 countries with diverse business interests that expand from Interior Architectural products to Information Technology to Food & Agro products.

MERINO LAMINATES
BE DIFFERENT

Our business is built on the steady pillars of a globally relevant mission, a far-reaching vision & a strong three-pronged motto.

Our Vision

Global competence and global competitiveness in every line of business by synergizing western work culture & Indian ethos.

Our Mission

Universal weal through trade and industry.

Our Motto

Economy | Excellence | Ethics

Excellence in Economy is Economic, when founded on work ethics. Sustainable, when nourished by moral ethics.

Our Inspiration

"Arise, awake and stop not till the goal is reached."

- Swami Vivekananda

PROJECT
NIRMAL

CHANGING LIVES. CHAMPIONING SUSTAINABILITY.

Water	Emissions	Earth	Energy	CO2 Equivalent
1 Million Kilolitres of water replenished annually	**95%** KT CO2 equivalent GHG removed using biogenic fuel in plants	**435 MT** of biocompost / bio-manure produced	**80%** Of Energy generated from renewable and alternate energy sources.	**215.186** Kilotons of carbon sequestered annually.

DELIVERING IMPACT ACROSS 16 OUT 17 SDG GOALS

1 NO POVERTY · 2 ZERO HUNGER · 3 GOOD HEALTH AND WELL-BEING · 4 QUALITY EDUCATION · 5 GENDER EQUALITY · 6 CLEAN WATER AND SANITATION · 7 AFFORDABLE AND CLEAN ENERGY · 8 DECENT WORK AND ECONOMIC GROWTH · 9 INDUSTRY, INNOVATION AND INFRASTRUCTURE · 10 REDUCED INEQUALITIES · 11 SUSTAINABLE CITIES AND COMMUNITIES · 12 RESPONSIBLE CONSUMPTION AND PRODUCTION · 13 CLIMATE ACTION · 15 LIFE ON LAND · 16 PEACE, JUSTICE AND STRONG INSTITUTIONS · 17 PARTNERSHIPS FOR THE GOALS

First step in INNOVATION

In our 55-year journey, one thing has been constant – innovation. Focused on this endeavor, we have explored every opportunity to add value to our products. Better raw materials, superior production and technology, higher performance standards – we stop at nothing but the best for our customers.

Carrying forward our legacy of innovation, we present this exquisite catalogue of mesmerizing surfaces that offers a laminate experience like no other. Along with its digital ensemble, it is the first of its kind in the industry.

Explore the innovative world of Merino laminated surfaces.

Where innovation counts

Luvih™ LUXURY, BEYOND THE ORDINARY

First and only Indian manufacturer to offer a haute matte finish with anti fingerprint properties- The "Luvih Range:Laminates, Postforming, Compacts & Edge Bands

TUFF GLOSS MR+

Only Indian manufacturer to offer 4 times longer gloss retention than a normal gloss laminate making MR+ tuff gloss range of laminates the best in the industry.

GLOSS Meister

First Indian Manufacturer to launch PU+ acrylic coated High Gloss Panels under the brand name of Gloss Meister

ESD+

First Indian Manufacturer to launch Electrostatic Dissipative Laminates.

FR+

First Indian Manufacturer to launch Fire Retardant Halogen Free Laminates.

MERINORESTROOMS THOUGHTFUL SOLUTIONS

First Indian Manufacturer to launch Restroom Cubicles using Compacts

In-house SS plates manufacturing facility to continuously innovate with new textures while maintaining old texture plates.

Exclusive partner for ISI to establish and set standards for laminate quality in India.

First Indian manufacturer to produce 14x5 feet size sheets.

EVERY SURFACE
IS YOUR PLAYGROUND.

The architecture of your home is the reflection of your mind. The aesthetics of your home is the reflection of your heart. Our surfaces are a reflection of both. When every door you open begins a conversation and every chair you pull adds more charm to your elegance. When every tabletop represents your taste, and every closet looks as good as the attires within. That's when your home becomes your own unique masterpiece.

MAKE YOUR FURNITURE TOUGH & TIMELESS.

Merino believes in delivering the best laminate solutions powered by cutting-edge innovation.

Stain Resistant
Our surfaces resist all kinds of stains.

Dry heat resistant
Our surfaces will not react to dry heat.

Scratch Resistant
Surfaces that are
impossible to scratch.

Impact Resistant
No matter the impact, our surfaces will resist.

Easy to clean
While cleaning up, minimum effort is needed.

Abrasion Resistant
Our surfaces won't wear away due to abrasion.

Limitless Designs
The possibilities with our
designs are endless.

Spot burn resistance
Never worry about spot burns on our surfaces.

CARE & MAINTENANCE: GUIDELINES FOR YOUR LAMINATES

Storage & Carrying

Store the sheets horizontally with their face turned down. Place a thick hard board on top of the laminates to protect them from any kind of damage. Stock the laminates in such a way that older sheets will be used first. Store the laminates in a dry place to protect them from moisture. They should also be stored in such a way that they don't come in contact with the floor or walls. Always carry the sheets vertically. Don't slide the sheets, lift them while moving them from once place to another. Ideally 2 people should carry one sheet to avoid carelessness that can damage the surface.

Hot Objects:

Even though the laminates have high heat resistance, exposure to temperatures greater than 135°C is not recommended. Do not place hot frying pans or dishes directly from the oven or cooktop on the laminate surface. As a precaution, use a trivet or insulated pad to protect the surface from heat generating appliances such as pressing irons, toasters, curling irons and electric cookers. Prolonged exposure to temperatures above 65°C may result in separation of the laminate from the substrate.

Stains:

The laminates are resistant to stains belonging to Group 1 and 2. Stains of Group 3 and 4 should not be spilled on the surface. In case of spillage, the stains should be immediately wiped off.

Sharp Objects:

Never use knives or other sharp objects directly on the decorative surface. Use a chopping block or counter saver to protect the laminates.

Abrasives:

Abrasive pads, scouring powders or cleansers can permanently damage the laminates making them more susceptible to staining.

Impact:

The laminates have excellent impact resistance. However, dropping heavy objects or deliberately hammering directly on the surface may cause chipping or cracking.

Harsh chemicals:

Harsh chemicals such as oven cleaners, toilet cleaners, or drain cleaners will etch and discolour the decorative surface. The laminates are not designed to resist continual contact with these chemicals. If any of these products spill over the surface remove immediately, rinse thoroughly, and wipe dry.

CLEANING

1. To clean the surface, use a damp cloth or sponge and a mild soap or detergent.

2. Stains belonging to Group 2 such as coffee or tea can be removed using a mild household cleaner and a soft bristle brush.

3. If a stain persists, apply a paste of baking soda and water and lightly scrub with a soft bristled brush. 10 to 20 should remove most stains. Although baking soda is a low abrasive, excessive scrubbing or applying too much force can damage the decorative surface, especially if it has a gloss finish.

4. Stubborn stains belonging to Group 3 & 4 can be cleaned with undiluted household bleach or nail polish remover. Apply the bleach or nail polish on the stain and let it sit for no more than 2 minutes. Rinse thoroughly with warm water and wipe it dry. If the stain appears to go away and the colour of the laminate has not been affected, this step can be repeated.

WARNING

Prolonged exposure of the laminate surface to bleach will cause it to discolour. Acid based cleaners will permanently damage the laminates. Never allow these cleaners, or bottles, rags or other items contaminated with these cleaners, to come in contact with the laminates. Wipe such areas immediately and rinse thoroughly with water.

- Group 1: Acetone, trichloroethane, toothpaste, hand cream, urea, alcoholic beverage, natural fruit, fruit drink, meat, vegetable oil, water, NaCl (solution), mustard, soap solution, paint remover (kerosene), phenol and citric acid.
- Group 2: Coffee, black tea, milk (condensed and evaporated), cola beverages, vinegar, hydrogen peroxide (3% solution), ammonia (10% solution of commercial concentrate), nail polish remover, lipsticks, water colour, laundry marking ink, ball point ink.
- Group 3: Sodium hydroxide (25% solution), hydrogen peroxide (30% solution), concentrated vinegar (30% acetic acid), acid-based metal cleaners, shoe polish, hair coloring, iodine, boric acid, lacquers.
- Group 4: Citric acid (Zero % solution), acetic acid (5% solution).

MERINO PRODUCTS PORTFOLIO

MERINO LAMINATES

GENERAL PURPOSE LAMINATES (HPL)

The special range combines the durability of metal with the versatility of laminates. It is designed for vertical interior or ceiling applications where a special accent is required, or a metallic expression is desired. Metallic laminates are manufactured by pressing metallic foils along with kraft paper core sheets impregnated with phenolic resin.

The bright reflective face of these laminates lends a modern decorative appeal to the interiors and renders the ambience with a modern, sleek and an urban look. Metalam are durable and can be used in hospitality, gaming, entertainment zones, interior design, set design, retail signage, display, cruise and furniture industry

GRANDE COLLECTION

Grande Collection by Merino Laminates featuring 10ft high designer laminates that rise floor to ceiling, creating seamless architectural elegance. Gloriously crafted to catch the eye and make you look up, the Grande Collection is bigger, bolder and breathtaking. Exclusive designs crafted by European designers, bold Metal finishes, Onyx Marble, Solid Pastels, and Luxe textures inspired by global trends, Grande offer endless design possibilities for your spaces. Deep embossed textures inspired by nature enhance Oak and Timber finishes, while Luxe and Lineawood adds richness and depth to interiors — so you can't stop looking up.

ACRYLIC LAMINATES

Merino Acrolam, a New Benchmark from the House of Merino, is a premium range of Acrylic laminates.
It features ultra-gloss mirror-like finish Acrylic laminates that blend aesthetic appeal with exceptional performance. Crafted using Advanced European Technology, Merino Acrolam offers superior durability, 6H resistance to scratches and ease of maintenance.

FLEX - POSTFORMING GRADE LAMINATES

Merino post forming laminates are intended to be used on vertical and horizontal interior surfaces where the laminate is required to roll in a simple radius over the edges of a substrate. The result is appreciated for no seams around corners and a smooth evenly laminated, attractive surface.
It is ideal for shutters, countertops, furniture tops, executive tables, modular office systems, computer work stations, storage cabinet doors, etc.

SPECIAL LAMINATES

SPECIAL LAMINATES

Merino brings you an unbelievable range of laminates that are manufactured with the finest in technology. The numerous possibilities of Special Laminates let you experience surfaces with premium aesthetic appeal, along with functional benefit for every unique purpose.

METALAM METALLIC LAMINATES

The special range combines the durability of metal with the versatility of laminates. It is designed for vertical interior or ceiling applications where a special accent is required, or a metallic expression is desired. Metallic laminates are manufactured by pressing metallic foils along with kraft paper core sheets impregnated with phenolic resin.

The bright reflective face of these laminates lends a modern decorative appeal to the interiors and renders the ambience with a modern, sleek and an urban look. Metalam are durable and can be used in hospitality, gaming, entertainment zones, interior design, set design, retail signage, display, cruise and furniture industry

WRITEONS

Merino Chalk-board has a special surface for easy erasure of standard writing chalk for various applications. Chalk-boards are an excellent economic alternative writing board for schools and colleges as it renders excellent contrast against chalk marks. The special characteristics of Merino Chalk- board surface ensures perfect continuity in chalk marks for hassle free and readable writing.

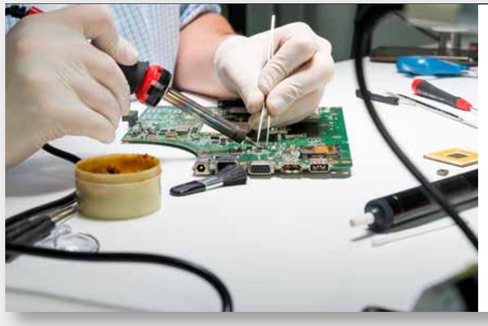

PERFORMANCE LAMINATES

CHEM+ (LAB GRADE) LAMINATES

Merino Chem+ Lab Grade Laminate is highly resistant to relatively strong chemicals like acids, alkalis, corrosive salts and other staining substances. It can be applied on both horizontal and vertical surfaces for the perfect design, appearance, quality and durability. These laminates can be applied on sinks, counters, lab benches and is suggested for work surfaces in chemical and pathogen labs, photographic labs, nursing stations etc.

MERINO PRODUCTS PORTFOLIO

ESD+ ELECTROSTATIC DISSIPATIVE LAMINATES

Merino ESD+ Electrostatic Dissipative Laminates are designed to minimize electrostatic charge in work environment. It offers one of the best ESD properties for laminate surfaces in India and provides a safe environment for furniture used in electrostatic protected areas (EPAs). Perfect for places like IT offices, call centres, laboratories, electronic industries, pathalogy labs and offices.

FR+ FIRE RETARDANT LAMINATES

Merino presents Halogen Free FR+ Fire Retardant Laminates that eliminate the risk of toxic smoke. They are safe and sturdy and come in exquisite designs and colors. These laminates are approved by Warrington Fire, UK BS-476 with a Class-1 Fire Rating and are ideal for the kitchens and fire prone areas.

COMPACT

INTERNAL WALL CLADDING (IWC)

Merino Internal Wall Cladding brings the most astonishing designs used for interior decoration to blend the choice of every generation. An innovative state-of-the-art Internal Wall Cladding system for internal walls, made from extremely durable, seamless and impervious HPL Compact Panels. This exceptional mix of classic and contemporary is going to embellish your interiors with finest designs of cladding.

ARMOUR EXTERNAL CLADDING

Merino plywood offers an extensive range of products with high strength & quality. The range also comprises of ply, boards & post laminated flushdoors. Plywood is a panel product consisting of thin wood veneers glued together in cross direction under a specific pressure, the cross lamination provides excellent two-way strength and stiffness properties. The veneers are well seasoned to control their moisture content and prevent warpage.

PANELS

MERINO MARINE BOARD

The Merino Marine Board is an advanced board crafted with German technology, made from 100% natural wood chips and strong resins to resist moisture and remain firm. It is ideal for high-performance interiors, offering 40% higher moisture resistance than other boards in the market, and can withstand boiling water.

MERINO SENSES

Merino Senses invites you to indulge in an experience like no other. Where ready-made panels evoke the timeless allure of authentic wood, embraced by the elegance of sleek, modern design. A transformation so subtle yet profound, it redefines how you experience interiors.

MERINO PLYWOOD

Merino plywood offers an extensive range of products with high strength & quality. The range also comprises of ply, boards & post laminated flushdoors. Plywood is a panel product consisting of thin wood veneers glued together in cross direction under a specific pressure, the cross lamination provides excellent two-way strength and stiffness properties. The veneers are well seasoned to control their moisture content and prevent warpage.

MERINO FABWOOD

Merino FABWOOD, where cutting-edge features come together to redefine strength and durability. Made by utilizing larger girth size wood with matured wood fibers, ensuring the final product achieves remarkable strength.

MERINO PRODUCTS PORTFOLIO

GLOSS MEISTER GLOSS PU+ ACRYLIC PANELS

Gloss Meister Panels are High Gloss Panels with PU+ Coating done on melamine based Prelaminated MDF. It creates superlative perception of mirror like appearance.
It has a wide range of application in modular kitchen, wardrobes, washroom cubicles, home furniture, reception areas, office furniture, restaurants, hotel & wellness, retail showrooms, internal wall cladding and restroom cubicles & lockers.

MATT MEISTER ANTI - FINGERPRINT MATT PANELS

Matt Meister Panels are Super Matt Panels with PU+ Coating done on melamine based Prelaminated MDF. Engineered with a specialized technology, the range is made up of an anti-fingerprint surface with a smooth satin finish. It's anti-bacterial, hygienic and resistant to scratches.

MERINOVA

Medium Density Fibre board is an engineered wood product formed by first breaking softwood into wood fibres, combining the same with wax and resin and then forming panels by applying high temperature and pressure. It is a building material similar in application to plywood which is made of separated fibres, but not wood veneers and is denser than particle board.

POST LAMINATED BOARDS

Modern post-forming machinery from Germany's BRANDT is used to create the collection. The panels are solid and come in a variety of profiles with optional customization. Useful for executive tables, computer workstations, modular office systems, kitchen cabinet doors and shutters, storage cabinet doors, and shelving units.

PLYWOOD

MERINO BLOCKBOARD

Merino Blockboard is the leading blockboard owing to its durability and strength.
Merino Blockboards are manufactured using advanced technology Kiln which is fully automated ensuring one of its kind balanced moisture retention. Boards are made with filters of batons. These batons are of MR Commercial & BWR Commercial type and are available in two sizes- 19mm and 25mm. Best pine quality from New Zealand is used to manufacture frames, which retains oil and makes it delamination proof.

MERINO DOORS

Merino Doors range offers a wide variety of products made from selected hardwood timbers and materials providing structural strength & dimensional stability with exceptional quality and above all you can customize your doors with endless design possibilities.

PREMIUM FLOORING

ECOCLICK+

Proven Click LVT for heavy commercial and residential installation with its unique structure of unparalleled dimensional stability and patented click joint system

PRIME TILE

Prime Tile is a highly realistic, most stylish, versatile and eco-friendly LVT flooring. It comes with the finest designs featuring wood, stone and design lines.

MERINO PRODUCTS PORTFOLIO

LOOM+

Embedded with EMT™ Core technology, Loom+ provides enhanced functionality and comfort. Experience unique, vibrant designs made with multiple tones of colors and different yarn thicknesses. Loom+, truly a design woven with technology!

Ecolay+

Proven loose-lay system for heavy commercial and residential installation with its unique structure of unparalleled dimensional stability, diverse designs, and size options. No Stick, No Click, Just Lay.

SOLID SURFACES

MERINO HANEX

A range of flexible laminates that can be fabricated and installed in almost any application without conspicuous seams and can be cut, shaped and formed into a boundless range of designs.

MERINO RESTROOM

Merino has been continuously evolving to address the dynamic demands of the restroom industry, by offering remarkable design innovation through value-added compact product like restroom cubicles & lockers. The product is designed for heavy-traffic restrooms to provide appealing and practical solutions. It is manufactured with international standards of quality and comes in a variety of colours with nylon, stainless steel and aluminium accessories and fittings. Its applications are in restroom cubicles, shower cubicles and changing rooms. Locker systems, urinal panels and support grab bars are also part of Merino Restroom Solutions.

The Lūvih Range

Stunning and elegant, L uvih surfaces are designed with Haute Matte feature that gives them a superior matte finish with an irresistible satin smooth touch. Available in 6 product categories and a mulitude of styles and colours, these premium matte surfaces elevate the aesthetics of your interior above all else.

Zerōprint — 1.2mm Laminates

Premium surfaces designed with Finguard, an innovative feature that offers fingerprint resistance.

StārDust — 1.2mm Laminates

Ultra-elegant surfaces embellished with glitters, granules and stones for a luxurious finish.

OnēTone — 1.2mm Laminates

Uniformity in colour of the core and the top makes it an ideal choice for tabletops, countertops and more.

Bloc — Compact Laminates

An all in one surface with a haute matte finish that can be directly used without any strengthening support.

Flēx — Postforming Laminates

Flexible in nature, Flex is specially designed for non linear surfaces.

Edge — Premium Edgebands

Redefining seamlessness, Edge by Luvih offers an exceptional edge to edge finish for your furniture.

*All LUVIH Designs are available in 1.2 MM
